

Erasmus project, "Fully Avoid Bully"! Anger leaves a scar. It may not be visible to the naked eye, but it's there all the time. Words we use have the power to create and destroy worlds! Create a world of good, dear students!

Have you ever felt extremely angry? Express yourself what made you feel angry? Describe that anger moment/scenario of yours.

Besarta Iseni
North Macedonia

I always have a target that my anger is directed against. However anger cannot make pain disappear -it only distracts you from it. Anger generally does not resolve or address the problems that made you feel fearful or vulnerable in the first place, and it can create new problems including health issues.

I always try to not get angry with anybody or even with myself, I always try to not add fuel to my irritability of my limited emotional range.

Elmira Shaqiri
North Macedonia

I get angry when someone blames me for something I did not do.

Nazife Iseni
